

2009 Annual Sponsorships

The University of St. Thomas Real Estate Alumni Association would like to formally present you with an opportunity to become a Fellow of the UST Real Estate Alumni Association through our 2nd Annual Sponsorship Package. In the first few years as an organization we have put on several programs and events that benefit the Alumni, the undergraduate students in the Real Estate Studies program, associates in the real estate industry, and the community at large. In order to make these programs and events possible, it takes a lot of coordination, planning, and donations. Thus, we are trying to simplify the process for raising money by offering annual sponsorship packages. These sponsorship packages will allow you to donate money at the beginning of the year that will cover the costs to all of the events. In addition, provide sponsorship recognition at the events and in our newsletter. Please refer to the following page for the details on each sponsorship level.

The money raised through the annual sponsorships will go towards the 2009 Annual Golf Tournament, UST Real Estate Society End of the Year Banquet, Taste of Saints, newsletters, social events, and two memorial scholarship funds set up on the behalf of Mr. Jon Just and Mr. Tom Hildman. We also are working on raising money to put on more networking events for the undergraduate students and members of our organization in the upcoming year as we continue to grow.

The UST Real Estate Alumni is a non-exclusive organization as we are organized to bring together graduates of the University's Bachelor of Science in Real Estate Studies program, existing St. Thomas Alumni who are deeply committed to the real estate industry, and other friends and partners of the University and its associates.

The goals of the Real Estate Alumni Association are to:

- 1) Provide honorary scholarships to undergraduate students in the Real Estate Studies program at UST.
- 2) Form joint ventures with charitable organizations for the betterment of society.
- 3) Provide insight and job placement for undergraduate students.
- 4) Provide additional career development opportunities for participating Alumni.
- 5) To advance the formal study of real estate, increase awareness for the subject's interrelation with society, and continually seek to assure ethical behavior in the industry.

As a growing organization, our members are establishing themselves as the future of the real estate industry and we appreciate your continued support and generosity.
